Report on May Activities

I had the honor of representing the BRSPS at several events this month..

Saturday May 12

The D23 Spring Picnic was held at Sand Point Park in Titusville. Eight BRSPS members attended. Fabulous food was provided by the members of the former Titusville SPS and served by your D23 Bridge. See pages 11-12 for more pictures. Great time had by all!

Monday, May 21

I had the pleasure of presenting Mike McGarry a Certificate of Appreciation for his talk at our May General Membership Meeting. Our Brevard beaches are constantly changing, and we need to protect them.

Saturday, May 19

The BRSPS 2018 Flare-Up and Eau Gallie Boat Ramp Cleanup was well attended despite the threat of rain. There were 24 attendees who benefited from the instruction and hands-on experience. Another BRSPS success. See pages 14-15 for more pictures.

Monday, May 28

All dressed up and no place to go! That was our BRSPS float ready for the Melbourne Memorial Day Parade which was cancelled late Sunday due to weather.

FROM THE EDUCATION DEPARTMENT BY SEO P/C Jim Merker, AP

Come rain or shine, our instructors toil to offer our outstanding courses and classes. This was exemplified by this year's Flare-Up. We need to give a big thanks to Earl Gillespie, John Pechar and Gail Wall for doing their parts to make this a success in spite of the wind and showers. The Flare-Up in particular is a unique opportunity that we provide for the local area. Even members of the Coast Guard Auxiliary have told me that they don't have anything that compares.

Another unique course that we offer is the Junior Basic Boating Course. Our second class of the year, and first of the summer, will be held the mornings of June 25 thru 27. If you know of any young adults, ages 11 to 17, who would like to be able to operate a boat, please pass on this information. Registration is handled by the Satellite Beach Recreation Center.

Finally, I am working with Ernst to reschedule the Instructor Certification and Recertification Courses. It is vital that we maintain and expand our exceptional cadre of instructors so that we can continue to be known for our outstanding classes. To that end, I am requesting that current and interested instructors let me know when they would be available. Instructor recertification only requires one night of training, and certification for a new instructor will be tailored to the individual and will take 3 to 4 weekly sessions.

**Remember, we do not just offer boating education –
we provide superior boating education!**

Check our website www.banariversps.org for more information.

FROM THE SQUADRON SECRETARY: Lt/C Stephanie Murphy, P

BANANA RIVER SAIL AND POWER SQUADRON MEETING MINUTES:

DATE: May 21, 2018

LOCATION: Beef 'O' Brady's, Melbourne, FL

Exec Committee Attending

Cdr Shari Marshall, AP; Lt/C Gail Wall, P; Lt John Pechar, P; P/C James Merker, AP; Lt Harvey Inventasch, S; P/D/C Robert Becker, SN; P/C Edmund LeCun, JN

Exec Committee Absent

P/D/Lt/C David Hixenbaugh, SN; P/D/Lt/C Ernst Hofmann, JN; Lt/C Stephanie Murphy, P

New Members:

Don Kadlac; Joe and Monika Bradley

The meeting was called to order at 1915 by Cdr Shari Marshall. Pledge and blessing were led by Lt John Pechar.

Cdr Marshall introduced Mike McGarry, Program Manager for Brevard's Natural Resources Management Department. Mike spoke on the natural erosion of our beaches due to weather and the ongoing replacement of sand and vegetation needed to stabilize the sand. He described the efforts being made to create a coastal artificial reef to further protect the beaches.

Commander's Report:

Cdr Marshall reported that membership stands at 65 plus 2 associate members. The Squadron gained 4 new members who transferred in during May. Everyone renewed in April, and no members were up for renewal in May.

Cdr Marshall presented Earl Gillespie with the D23 Arthur Buswell Award given to that person who during the preceding year was most helpful in promoting activities of his/her squadron

Cdr Marshall reported the recent resignation of Treasurer Dave Hixenbaugh. Dave and Lucy are hoping to open up more free time in order to enjoy their family and their retirement.

Admin Officer Report:

Lt/C Gail Wall reported on the great time had at the D23 Picnic in Titusville on May 12 and the success of the Flare-Up and Eau Gallie Boat Ramp Cleanup on May 19th. Our first parade will be the Melbourne Memorial Day Parade on 28 May starting at Mustard's Last Stand at 10:00 am. The Corn Roast will be on July 14 at Ballard Park. Gail asked for volunteers for all of these activities. Please contact Gail to help.

Education Department Report:

Lt/C Jim Merker spoke about the Navigation Challenge scheduled for June 30. Classes continue for AP. Jr Basic Boating is scheduled for June and ABC for August. Jim has been recertified to do Vessel Safety Checks and will set up a class to teach VSC examiners in the near future.

No Secretary's or Treasurer's Report

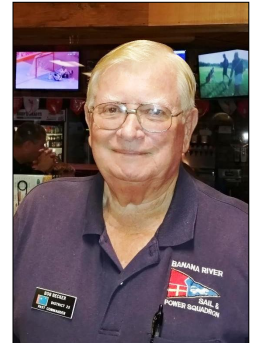

The next BRSPS General Membership Meeting will be June 18. The next Executive Committee Meeting will be June 12.

Respectfully submitted, Cdr Shari Marshall
Acting Secretary

FROM THE SQUADRON MEMBERSHIP CHAIR: P/D/C Bob Becker, SN

Starting with this issue of our Dragon Tales newsletter, you will be seeing a new column entitled **MEMBERSHIP**.

Since we are all members of Banana River Sail and Power Squadron, and since we all want to see our Squadron prosper and grow, we are monthly going to write a little about items concerning MEMBERSHIP.

So here goes...

Who runs and makes decisions regarding the squadron? Our long-time members know it's the Bridge Officers along with the Executive Committee. But for you, our newer members, the bridge consists of the **Commander, Executive Officer, Administrative Officer, Squadron Educational Officer, Secretary and the Treasurer**. To assist them there are four **Members at Large** who represent YOU. All these positions are **elected** positions from the squadron membership. Much like any business corporation/company, the above positions function as CEO, CFO Vice Presidents and Board of Directors.

If you have ideas, suggestions and or recommendations, any one of the four Members at Large should be contacted, and your thoughts, questions or other squadron matters brought to their attention. They in turn will take the information to the Executive Committee monthly meeting and bring it before the entire committee. You may or may not like the outcome, but at least your thoughts will have been heard.

(Names of the Members at Large are found in our Dragon Tales newsletter)

Of course, one way to fully understand what happens in governing of the Squadron is to become a part of that process. Each year there are bridge, member at large positions and committee chairs open and awaiting names of those who want to serve. Some of these positions involve more time than others while some require only a little time. The success of our Squadron is only as good as those members who get involved. Booker T. Washington once said, "Success is measured not so much by the position one has reached in life but by the obstacles which he/she has overcome while trying to succeed."

Within a few months our Squadron Nominating Committee will be looking for members who would like to fill Bridge, Member at Large and committee positions. Give it some thought. Put your thought, ideas, recommendation to work as a Squadron Leader.

More next month...

P/D/C Bob Becker, SN, Member at Large

Come Sail With Us!

On-The-Water Training ABC3

There were 10 students in the 2018 Spring Session of ABC3 which was taught on March 17. The OTW Training was split up into three days so that each student could benefit from more hands-on training by certified instructor Earl Gillespie. All training was done at the Eau Gallie Boat Ramp utilizing Earl's boat, which has passed Vessel Safety Check inspection.

AMERICA'S BOATING CLUB®

BANANA RIVER SPS

DRAGON POINT NAVIGATION CHALLENGE

(An Application of Traditional Dead Reckoning Navigation Skills)

OBJECTIVE

To navigate several prescribed legs of a Course as accurately as possible. The winner will be determined by the shortest distance between the Ending and Target coordinates of the last leg.

PARTICIPANTS

The Committee: Organizes the event, creates the routes, determines the starting order, issues the starting instructions and determines the final ranking of the participants.

The Pilot: Responsible for navigating the prescribed route by using the given parameters and compensating for deviation, leeway, wind, traffic, turning drift and any other factors. May be assisted by a Navigator.

The Observer: Selected by the Committee, will be assigned to each Pilot. The Observer verifies compliance with the rules.

RULES

- Any vessel, power or sail, may participate.
- **Boats must meet all federal and local safety requirements.**
- **It is the responsibility of the Pilot to ensure the safety of their vessel by avoiding collisions, groundings and entanglements.** This event will be held in open water, the Pilot must be aware of their surroundings. There will be nonparticipating vessels present, as well as other floats and debris. The Committee will attempt to keep all courses within water that is at least 6 feet deep.
- One week to ten days before the contest each Pilot will receive a unique Course consisting of seven legs covering 6-8 nm.
- For each leg of the Course, the Pilot will be given the Magnetic Heading and Distance in nautical miles.
- On the day of the competition, the Pilot will receive a numbered float, line and anchor weight.
- The Pilot determines his speed for the Course, which will be between the Pineda Causeway (Rte 404) and Eau Gallie Causeway (Rte 518) using Chart 11472.
- Different Courses will be assigned to minimize congestion.
- The starting point will be day mark G "1" at the end of Dragon Point (southern tip of Merritt Island) 28° 08' 30.73" N and 080° 36' 12.55" W.
- Pilots will start their runs at intervals as instructed by the Committee via VHF Channel 71.
- The Pilots must navigate each leg in the order given.
- The use of GPS, Loran, radar or similar position indicating devices during the run is not permitted. If one is on board, the Observer will cover the position display for the duration of the run leaving only the depth and speed indicators visible. The use of Autopilots or self-steering devices is not permitted.
- A GPS will be allowed to only display Speed Over Ground. No other readouts are permitted.
- When the Pilot determines that he has reached his exact end point, he will jettison the marked buoy. The final position will be measured at the buoy when the Committee reaches it, not the anchor position.
- The Target Coordinates will not be within the ICW, so avoid leaving the floats within the ICW channel.

DETERMINING THE WINNER

The standings will be based on the distance between the Target and actual Ending coordinates. The winner will be the one with the shortest distance.

gail.brsps@gmail.com or 772 418-4507

No later than July 10, 2018

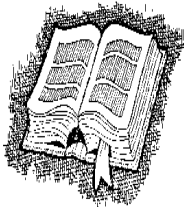

THE CHAPLAIN'S REPORT: P/D/C George Ammon, SN

Please be aware that George has been transferred from rehab to assisted living. He is now at River-view Senior Resort, 3490 Gran Ave, Palm Bay 32905. It is located off US 1 at Malabar Point. His phone number is 321 312-4555, Ext 6215. A call or a visit would certainly cheer him up.

While on a recent trip to Europe, Ernst Hofmann broke a bone in his left foot and is now in a cast. Hope you're up and around soon!

We want to thank all those people who keep in touch with their friends and fellow members. We look forward to seeing all of you at future BRSPS Activities.

If you know of any special needs of any of our squadron members, please contact George at 321 312-4555 Ext 6215.

**HAPPY
BIRTHDAY**

BANANA RIVER BOOSTER CLUB

We are reviving our Booster Club. A \$10 contribution is all it takes to support your Squadron for a year.

We wish to thank our 2018 supporters :

P/C Don Kadlac, AP (05/18)

Cdr Shari Marshall, AP (05/18)

YOU TOO CAN BE A BRSPS BOOSTER MEMBER!

There One Key Word to Successful Recruitment, Retention and Revitalization?

I say that word is PARTICIPATION. Let's get more involved in our great organization, the United States Power Squadrons (America's Boating Club) and recognize each other's contribution of time and effort. For example, even for a fun boating outing, some boats may not be suitable for a particular planned event, or some members may not even have a boat – get all involved if at all possible. Most skippers enjoy guests on their boats.

Match 'em up!

Even rotating through the bridge, nearly everyone can do it with the right preparation and support. Sometimes the seemingly least likely turn out to be the best. That timid soul hiding in a corner may turn out to be the best leader ever, if only given a chance and perhaps a little support! Sustain and support each other in what we each do. Participate, participate, participate. Burn-out is not usually the result of doing too much – rather it is usually the result of not being recognized and appreciated sincerely.

Anyone else have a nomination for the most important key word?

P/C Kurt W Mikat, SN

D23 Executive Officer

NEWS FROM NATIONAL

THE POWER OF ONE

If everyone recruited just ONE person each year we would double in size in about a year.

Sounds so simple but, it is difficult because many of us don't like to ASK someone to join us (it is selling). The worst they can do is say no. ASK a friend. ASK the person whose VSC you did. ASK the person who wonders about the insignia on your shirt or cap. ASK the person who took a class or seminar.

Just ASK someone!

Robert Howd, USPS Membership
