RECAP OF Dragon Point Navigation Challenge

June 30, 2018

Turnout was not what we hoped for, but I would like to share with you my experience. ANYONE who has taken a boating course will have a wonderful time on the water. The course is laid out for you, and the directions are straight forward.

The course consists of 7 legs. There is a conversion chart that shows how long to run a leg given your chosen speed. All you need to do is have someone driving the boat in a straight line at a consistent speed and another person keeping time.

At the end of a leg, the person keeping time calls out the new bearing, and you're off again. You CANNOT use your GPS, but you don't need to. At the end of 7 legs, drop a marker so the judge can determine how close to "on spot" you are.

It was not intimidating-it was FUN. So many squadron members keep asking for an on-the-water activity or a fun activity. The Dragon Point Nav Challenge gives you both. On the left, you can see Jim Merker showing Jose Casals how to use the graph. Off he went, and to his amazement he realized how "off" his compass probably is. Regardless, his boat was close to where Jim and I ended up. Next year, please enter. You will love it!!

DPNC turned out to be a multi-boat and multi-squadron event!!

FROM THE EDUCATION DEPARTMENT BY SEO P/C Jim Merker, AP

I want to first congratulate Adam Smith for successfully completing and passing Advanced Piloting. Well done! I would be remiss if we didn't also thank Bill Veit for his hard work and dedication as our AP instructor and Ernst for facilitating the mix of in-person and virtual classes. It is truly an honor to teach alongside them.

Secondly, if you haven't heard about our upcoming weather course, you must have been living under a rock. This will be an excellent course because we are collaborating with the Melbourne National Weather Service. It will be our material with instructors provided by the Weather Service. Better yet, we will be holding this at the National Weather Service facility on Croton Road. Since this is such a great opportunity, we are going to allow members who have already completed this course to attend at a reduced rate while seats are available. Please see page 9 for more details.

Lastly, I need your help. We have four, soon to be five, Vessel Safety Check Examiners in training. In order for them to become fully certified, each must inspect five vessels under supervision. This is where you, our members, come in. We need to inspect 20-25 vessels that meet these four requirements: 1) it must have an engine, 2) the owner or an operator must be present, 3) the vessel must be less than 65 ft, and 4) it must be a recreational vessel, no commercial fishing boats. So please ask your neighbors, friends, coworkers, and members of other groups with which you are associated. Running or not; likely to pass or not (not that any of us would have a boat that couldn't pass); in the water, on a trailer, or on the hard; please ask them to contact me at jm@piratesplay.com!

**Remember, we do not just offer boating education –
we provide superior boating education!**

Check our website www.banariversps.org for more information.

Submitted by Stephanie Murphy, BRSPS Secretary

FROM THE SQUADRON MEMBERSHIP CHAIRMAN: P/D/C Bob Becker, SN

This month I am going to start off asking a question to see how smart you all are?

Question: Of all the many BRS&PS committees, which one includes **ALL** of the squadron members? Give up? Well it's the Membership Committee.

Each of you as squadron members should be promoting the many benefits belonging to the squadron offers to all boaters who become USPS members.

But do you know some of our benefits? Here are just a few:

First is **camaraderie**. Webster's Dictionary defines this as: "good will and warm feeling between or among friends". As a squadron member you certainly are among both new and old friends. And once again, members who have lots of boating knowledge who can assist you with your boating problems.

Second is **education**. There are so many USPS courses covering just about all aspects of boating.

Third is **insurance**. By taking the various USPS courses many of the various insurance companies will give you a discount for your boat insurance.

Fourth are the various **discounts** that the USPS national organization has arranged for you, its members. These can be found at the USPS National website. Hopefully you are taking advantage of the above but just as important is to talk about USPS membership to your fellow boaters.

BRS&PS has 65 plus membership. If each of our 60 plus members brought in just one new member we could double our size, resulting in more camaraderie, more new ideas, more fun and more squadron activities.

Do you belong to a Yacht Club? Do you use a specific marina to store your boat? Do you belong to a boating club other than the USPS? If so, these are the places where you, as members of the Membership Committee can talk up the attributes of the BRS&PS. You can even direct them to the USPS national web site or better still invite them as your guests to one of our monthly general membership meetings.

We have a great squadron; you can make it even greater by getting new members!

Bridge Nominations Are Open

Each year our members are asked to identify the leadership of the Squadron for the next year. Every member has the opportunity and responsibility to nominate any member who is best able to serve as an elected officer of the Squadron.

The time to make nominations is NOW. It is an important responsibility and not to be set aside or taken lightly. Those nominated, and if elected, mold the future of our Squadron.

The next page lists all the positions open on the Bridge, Executive Committee, and supporting committees. Please let the Nominating Committee Chair, Lt Nancy Adams, S, know whom you would like to nominate. The easiest way to do this is to call Nancy at 417 850-1147 who can fill out a nominating form.

Every nomination must be accompanied by YOUR name. All nominations are held in confidence. The deadline is **September 15**. The election will be held at the September General Membership meeting on September 17.

Don't be bashful to nominate YOURSELF. If you would like a detailed description of any of the positions, go to the USPS website or contact P/V/C Dick Peoples, SN at 321 698-9265.

Please remember BRSPS is a volunteer organization and without members who are willing to serve, the Squadron can not exist.
