

Ideas for Consideration

D8:

Establish, encourage, and support an active N Club

PBSPS:

Professional setup for General Meeting:

- Large TV (or screen with projector) at each meeting
- Use kiosk

Membership:

- Give everyone a useful task, e.g., Local & ICW Bridge phone number list
- Feature new members more than just listing their names, e.g.:
 - 60% of EM class is made up of new members
 - A new member is a Marine Surveyor, Captain, expert diesel mechanic

Establish Process for Raft-Ups, Rendezvous, and Cruises

- See Pieces of Eight Winter 2018 p 13 & 14 (Bill Husted, SN)
- Assign a group to review and submit to membership
 - Add to Captains Meeting - online with Go to Meeting or Go to Webinar.
 - Reduce legal BS

Add Raft-ups, Rendezvous, and Cruises to annual calendar

Spend some money:

- Buy a new CDR 1 (18 to 22 ft center console, trailer, 40 HP engine max)
- Buy a small sailing vessel, e.g., 14.5' American Sail
- ABC Side Curtains
- Extra Large USPS Ensign
- Support Coop Charting effort
- Spruce up outside of HQ
- Upgrade internet speed at HQ
- G2M & G2W

Add Junior Safe Boating to list of class offerings

Conduct a Flare-up during SBW

Enhance ABC Classes:

- More than a quick run through of that required
- Practical boating TT&Ts
- Follow other squadrons => (http://www.hebb.me/psps/docs/abc3_flyer_june_18.pdf)

Crank up the Port Captain program:

- LWI = Bill E
- Jupiter = Laura Z

Wide use of G2M & G2W

- Individual training & question
- Fun short educational lectures
- Committee meetings
